

ISO 45001

OCCUPATIONAL HEALTH & SAFETY

GCL[®]
INTERNATIONAL

WHAT IS ISO 45001?

ISO 45001 is an internationally recognised standard for occupational health and safety. It exists to help all kinds of organisations put in place demonstrably sound occupational health and safety performance.

WHY GET CERTIFIED?

ISO 45001 enables companies to focus on implementing health and safety systems which safeguard anyone coming into your work environment: clients, staff and contractors.

FURTHER BENEFITS OF BECOMING CERTIFIED

- Compliance with a legal or business requirement.
- Competitive advantage in the marketplace.
- Identifying problem areas and opportunities for improvement.
- Independent verification of system suitability & process reliability.
- Enhancing business reputation & corporate image.
- Showing people your care & commitment about a subject of concern.
- Greater staff awareness of and responsibility for company obligations.
- Better resource usage and reduced costs of failures.
- Demonstrating "Due Diligence" to be in more legally defensible position against possible lawsuits.

WHY CHOOSE US?

Global Clients chose us in preference to others for a variety of reasons. In most cases it's because they like our fair and practical approach throughout the entire certification process and how we understand and meet each individual client's needs. In short the Quality of our Service.

GCL International Ltd
