

# ISO 14001

## ENVIRONMENT MANAGEMENT

### What is ISO 14001?

It provides practical tools for companies and organizations looking to identify and control their environmental impact and constantly improve their environmental performance.

### FURTHER BENEFITS OF BECOMING CERTIFIED

- Compliance with a legal or business requirement.
- Competitive advantage in the marketplace.
- Identifying problem areas and opportunities for improvement.
- Independent verification of system suitability & process reliability.
- Enhancing business reputation & corporate image.
- Showing people your care & commitment about a subject of concern.
- Greater staff awareness of and responsibility for company obligations.
- Better resource usage and reduced costs of failures.
- Demonstrating "Due Diligence" to be in more legally defensible position against possible lawsuits.

### UKAS Accredited Certification Body for Management System Certification!

#### KEY BENEFITS OF ISO 14001

- Reduced cost of waste management.
- Savings in consumption of energy and materials.
- Lower distribution costs.
- Improved corporate image among regulators, customers and the public.
